Skier or Snowboarder - Follow the Code!...

This international code applies to ALL slope users and is binding in law

- 1 Respect for others**
Be aware of all skiers and snowboarders around you and do not endanger them.
- 2 Control of Speed & Ski-ing**
Only ski or snowboard within the limits of your ability and be sure you can always stop safely.
- 3 Choice of Route**
Pick your route carefully and be prepared to handle changing situations with skiers and snowboarders and the mountain itself.
- 4 Overtaking**
Always allow space for others to make their runs and remember that skiers and snowboarders ahead of you have right of way.
- 5 Starting or Entering the Piste**
Look up and down the run and ensure enough space to avoid other skiers or snowboarders paths.
- 6 Stopping on the Piste**
Always stop at the side of the piste, away from narrow places, blind corners or sudden drops. After a fall, move quickly to the side.
- 7 Climbing & Descending on Foot**
If this is necessary, keep to the side near piste markers.
- 8 Respect for Signs & Markings**
ALWAYS obey signs. They provide vital information for YOU and YOUR safety on the mountain.
- 9 Assistance at Accidents & Identification**
Understand accident procedures and be prepared to help. Witnesses must provide names and addresses.

Rules Specific to Snowboarders

- 1) Always make sure your front foot is strapped in or tethered to the board.
- 2) Always check the slope before starting a turn, especially on the heelside.
